## TECHNOLOGY AND ELECTRONIC RESOURCES SYSTEMS

Dear Parent(s)/Guardian:

Your student has the opportunity to receive an electronic network account or access, and needs your permission to do so. Among other advantages, your student will be able to communicate with other schools, colleges, organizations and individuals around the world through Internet and other electronic information systems and networks. Internet allows your student, through electronic mail (e-mail) and other means to reach out to many other people to share information, learn concepts, and research subjects. These are significant learning opportunities to prepare your student for the future.

With this educational opportunity also comes responsibility. It is important that you and your student read the enclosed informed consent form, school district procedures and other material, and discuss it together. When your student is given an account and password to use on the computer, it is important that the rules are followed. Inappropriate use will result in the loss of the privilege to use this educational tool, and other disciplinary action if appropriate.

Please stress to your student the importance of using only his or her account password, and of keeping it a secret from other students. Your student should never let anyone else use his/her password to access the network. Your student is responsible for any activity that happens in his/her account.

We have established procedures and rules regulating the materials that students may search for on the network, but please be aware that there is unacceptable and controversial material and communications on the Internet that your student could access. It is not possible for us to always provide direct supervision of all students. Although we have filtering software in place, there is still some risk for inappropriate content. We encourage you to consider the potential of your student being exposed to inappropriate material in your decision of whether or not to sign the informed consent form.

We also reserve the right to review e-mail sent or received on the district system to improve student safety and system integrity, and you and your student must waive the copyright on any material posted through the network.

If you have any questions, please contact your student's school administrator. If you want your student to have the opportunity to receive a technology account or access, please return signed informed consent form to us as soon as possible.
